

Allergen Information

The health and safety of our guests are top priorities at IHOP. As part of our commitment to you, we provide the most current allergen information available from our food suppliers on eight common allergens plus gluten, so that our guests with food allergies can make informed food selections. Please be aware that during normal kitchen operations involving shared cooking and preparation areas, including common fryer oil, the possibility exists for food items to come in contact with other food products. **Due to these circumstances, we are unable to guarantee that any menu item can be completely free of allergens.**

IHOP Allergen Information

The health and safety of our guests are top priorities at IHOP. As part of our commitment to you, we provide the most current allergen information available from our food suppliers on eight common allergens plus gluten, so that our guests with food allergies can make informed food selections. Please be aware that during normal kitchen operations involving shared cooking and preparation areas, including common fryer oil, the possibility exists for food items to come in contact with other food products. **Due to these circumstances, we are unable to guarantee that any menu item can be completely free of allergens.**
