

The Dietary Guidelines for Americans recommend consuming less than 10 percent of calories per day from saturated fat and less than 2,300 milligrams per day of sodium for a typical adult eating 2,000 calories daily. Recommended limits may be higher or lower depending on daily calorie consumption. Variations and substitutions will increase or decrease stated nutritional values. Nutritional information on this supplement is accurate as of the date of printing. Items listed may not be available at all restaurants.

## Nutrition Information

The Dietary Guidelines for Americans recommend consuming less than 10 percent of calories per day from saturated fat and less than 2,300 milligrams per day of sodium for a typical adult eating 2,000 calories daily. Recommended limits may be higher or lower depending on daily calorie consumption. Variations and substitutions will increase or decrease stated nutritional values. Nutritional information on this supplement is accurate as of the date of printing. Items listed may not be available at all restaurants.
